Dear Employer

Re: Workplace Inspection

I refer to my recent inspection of your workplace as part of NSW Government Procurement Project.

The NSW Government has aligned their Procurement Policy with the Australian Government Procurement Statement. There is an expectation that all tenders meet legal obligations under the Fair Work Act 2009. In addition, a set of Fair Work Principles has been developed as a guide for contractors who engage employees for the contracting work.

Your business was identified as a listed NSW contractor and selected for a workplace assessment.

I am pleased to inform you that in the course of my inspection of your business's time and wage records, you were able to demonstrate compliance under the National Industrial Relations laws, [Fair Work Act 2009].

The Department takes this opportunity to thank you for your cooperation, assistance and participation in this pilot program. NSW Procurement will be advised of the results of this audit.

If you have any further enquiries please contact me on (02) 4298 8524 or email Natasha.Packovska@services.nsw.gov.au. You can find additional information concerning NSW industrial relations laws at www.industrialrelations.nsw.gov.au.

Yours sincerely

Natasa Packovska
Inspector
